The members of the bar elected a special judge to sit during the present term, and a gentlemen from Poplar Bluff, John A. Gloriot, was chosen, and court has been going on as usual.

W. A. Cooper, who was arrested and placed in jail week before last, as was stated exclusively in this paper, on a charge of larceny, was given a preliminary hearing last Friday evening before Justice M. E. Nichols and after examining one witness was bound over to circuit court under \$500 bond. Attorney Jerry Mulloy represented the defendant. He being unable to give bond he was returned to jail.

A party of prominent business men of Pocahontas, Ark., came up the first of the week in automobiles to inspect the city water works plant and get some points in the construction of one. It seems that the recent fire they had in Pocahontas has awoken some of them up and now they are going to get busy and try to be prepared for the next time.

Those in the party were W. L. Pope, Chas. B. Moore, J. D. Wells, L. R. Martin, T. W. Campbell, E. G. Schooner, Geo. Lewis, J. R. Shirley, A. Lewis and Fred Spinnenweber. A good water system will pay for itself many times over in the course of a few years if it is properly managed, and after once installed it would be a hard matter to do without it.

ST. LOUIS LIVE STOCK MARKET.

Special report to Ripley County Democrat National Stock Yards, Ill., Nov. 9th, 1915.—Today's heavy run of 14400 hogs turned the trade topsy turvey, and at its best, during the early hours was 25c lower all along the line without an exception. City butchers and shippers paid \$7.10, the early top and secure the bulk of the good weights at \$8.90 to \$7.00.

The late top of the market was made by packers at \$6.90 who bought light lights to good weight swine at \$6.30 to \$6.90, making most of their purchases at \$6.50 to \$6.75.

Pigs weighing 115 to 140 lbs sold at a range of \$6 to \$6.40; lighter pigs \$5 to \$6.

The big share of the receipts which has been the case right along of late has consisted largely of pigs and light lights. The good weight swine are scarce and are proving far the best sellers at the prices.

Cattle receipts 7000. Good to choice fat beef steers scarce and are selling steady with last week. Stockers, feeders and common to medium beef steers were plentiful with market 25c lower than last Friday. Butcher cattle and canners 15 to 25c lower than last week's sales.

Sheep receipts 3600. Lamb trade 10 to 15c higher today; top \$9.15 with bulk of the good at \$8.75 to \$9. Fat sheep steady. Fat ewes brought \$6.50; chopper sheep \$4.25 to \$4.75; canners \$3 with bucks selling at \$4.40.

Market Licenses.

Recorder John W. Young has issued the following marriage licenses since our last issue.

Ira Hamlett, Acorn, Mo.
Lora Miller, Acorn, Mo.

W. W. Harrington, Doniphan, Mo.
Mary M. Brock, Doniphan, Mo.

Rheumatism and Allied Pains—Ther Most Gel

The congestion of the blood in its flow causes pain. Sloan's Liniment penetrates to the congestion and starts the blood to flow freely. The body's warmth is renewed; the pain is gone. The man or woman who has rheumatism, neuralgia or other pain and fails to keep Sloan's Liniment in their home is like a drowning man refusing a rope. Why suffer? Get a bottle of Sloan's. 25c and 50c. \$1.00 bottle hold six times as much as 25c size.

Doniphan Is Host To Pocahontas Party.

On last Sunday a party of business men of Pocahontas made a pleasure trip to our neighbor town of Doniphan, Mo. The trip was made in two automobiles, and the party consisted of L. R. Martin, F. Spinnenweber, J. R. Shirley, E. G. Schooner, W. L. Pope, J. D. Wells, A. J. Lewis, T. W. Campbell, George Lewis and Charley Moore. This trip was prompted by a desire on the part of these gentlemen to enjoy the pleasures that are always incident to a tour of a beautiful country like that between here and Doniphan on a perfect autumn day like last Sunday; and to take a look at the modern improvements which have been made by our progressive neighbors to the south of us. Aside from a few tire punctures and "blow-outs" nothing occurred on the trip to mar the happiness of the party. When the party reached Doniphan it was taken in hand by a fine bunch of business and professional men of that town and shown such magnificent hospitality as will never be forgotten by our boys. Attorney J. F. Fulbright threw open his law office and turned it into a reception room for the Pocahontas bunch, and there the party was refreshed and entertained in loyal style, after which Messrs. J. R. Wright, Will Johnston and Will Malugen placed their automobiles at the service of the party and a trip was made over the beautiful little city of Doniphan, visiting the pumping station for the water works, situated on the bank of Current river, and the stand pipe on the top of one of the seven hills on which the town is built, where the water is stored for the use of the people of the town. Dr. S. A. Proctor, Mr. Herman Roth, Mr. W. H. S. Miles and Mr. J. H. Miles also placed the Pocahontas party under lasting obligations, by courtesies shown them. The party returned from this trip with unstinted praise for the splendid little city of Doniphan and its sterling citizens.—Pocahontas Star-Herald, 12th inst.

Attorney Sam Phillips came over from the Bluff this morning to attend Circuit court.

The local high school foot ball team that went over to the Bluff today was composed of the following players: Louis Walkemate, quarter back; Irwin Mallin, full back; Chester Young, right half back; Rae York, left half back; Cecil Davis, left end; Willis McCloskey, left tackle; Jim K. Langford, left guard; Ed Sullivan, center; Everett Looney, right guard; Marvin Towler, right tackle; Guy Cunningham, right end; Substitute, Fred Richmond, Everett Deen, Sam Perry, Erney York, Ralph Burgess and Clarence McCloskey. Prof. B. Harry went along with the boys as coach. They expect to put over on Poplar Bluff this time as they have been practicing hard for the past week getting in shape for the game.

Quisenberry Bros., are making preparations to enlarge their mill, and have purchased a new engine and other flour making machinery.

Priming a Dynamite Cartridge

To properly prime a dynamite or farm powder cartridge four things are essential—the cap, the fuse, the cartridge and a crimping tool. The method in itself is very simple.

First crimp the priming cap about the fuse, using the crimping tool as shown in the illustration.

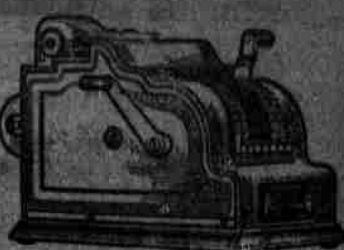

Next punch a diagonal hole in the cartridge with the end of the crimping tool, making the hole deep enough to entirely bury the cap. Insert the cap into this hole and tie the fuse to the side of the cartridge.

Then insert in another diagonal hole below the first hole. No tamping is necessary to hold the cap in the cartridge. This method is called "tying the fuse through the cartridge." It is unsafe and unreliable. The fuse is likely to break at the sharp turn and the powder train split fire through the break, setting fire to the cartridge instead of exploding it, or the fuse may miss fire altogether, leaving an unexploded charge in the hole, or it may hang fire for half an hour or half a day and cause a serious accident. Short cuts do not pay in handling explosives.

If the job is done carefully and correctly the entire outfit will look like illustration No. 4, and the priming will be complete.

Ignorance, fear or carelessness are the causes of most accidents. There
